

Activation of Software

1. Enter **serial number** after launch of the program.

With the purchase of the software you have got 3 digit serial numbers each containing 16 figures. After having launched the program, you will be asked to enter one of the three 16 digit serial numbers.

2. The PC is creating a unique **installation number**.

The installation number has two times 4 digits and is shown in the orange box.

Your Installation number is:

D&J3-2YZK

This Nr. is only a sample
and will not work for you.

3. Request the **key number** with your installation number from the homepage www.nevergetlost.at.

Click the button "Software-Activation" and enter your two times 4 digit installation number. Our server will send you automatically your three times three digit key to your e-Mail address.

4. You will get the key automatically to your e-mail address.

Your Serial Numbers

5. Enter the key number .

Please enter your Unlock Key here

(!) Please use each serial number only once.

We create only one key for each serial number
